

Flow & Go

“How can we leverage technology to work towards a sustainable lifestyle?”

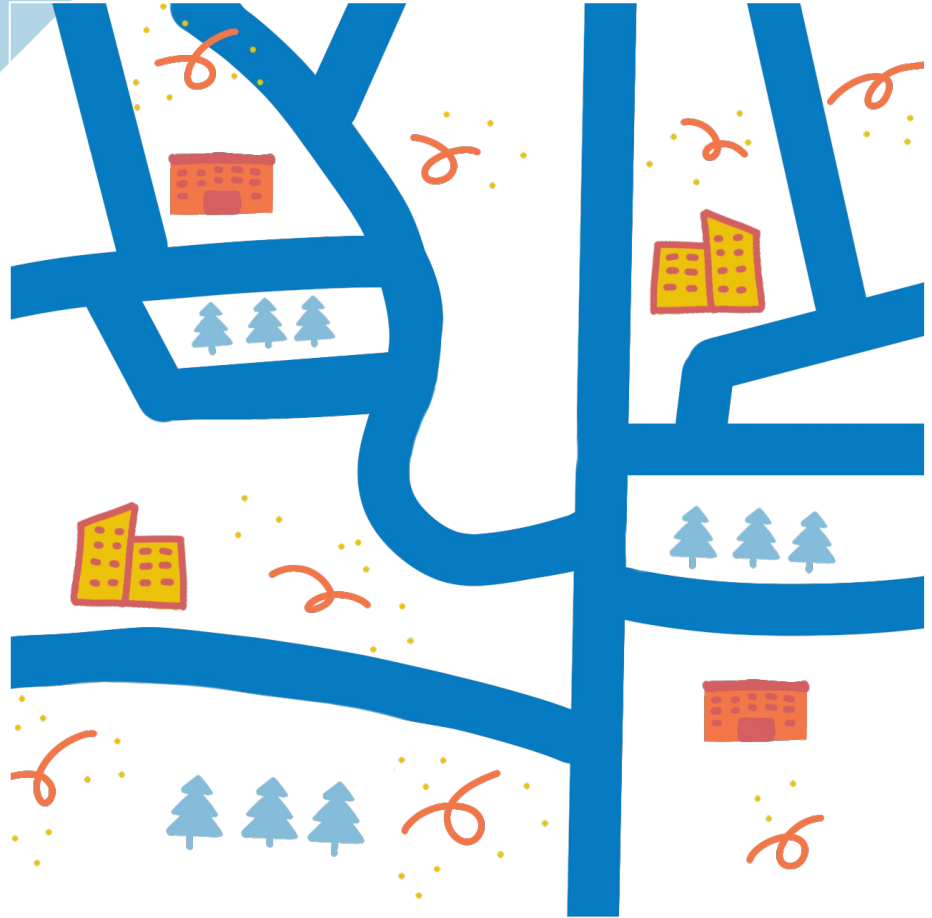

Flow & Go

How it works

- Given total employees
- Proposes an optimized schedule based on districts
- Allows for employer to make changes
- Separates Employees into 3 in person days, 2 remote days

Goal #1

Reduced Congestion

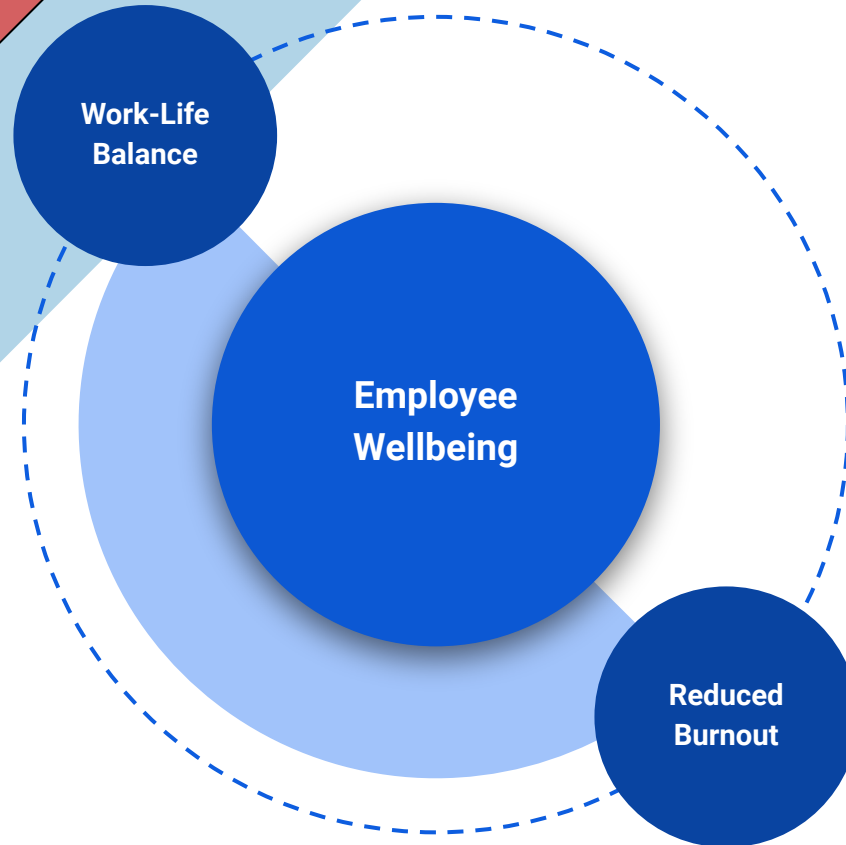

Reduced CO₂ Emissions

Primary Goal of Sustainable Practices

Goal #2

Goal #3

Low Turnover

Employee Satisfaction

Corporate Social
Responsibility

**Sustainable
employment**

**Sustainable
practices**

Reduced risk
of burnout

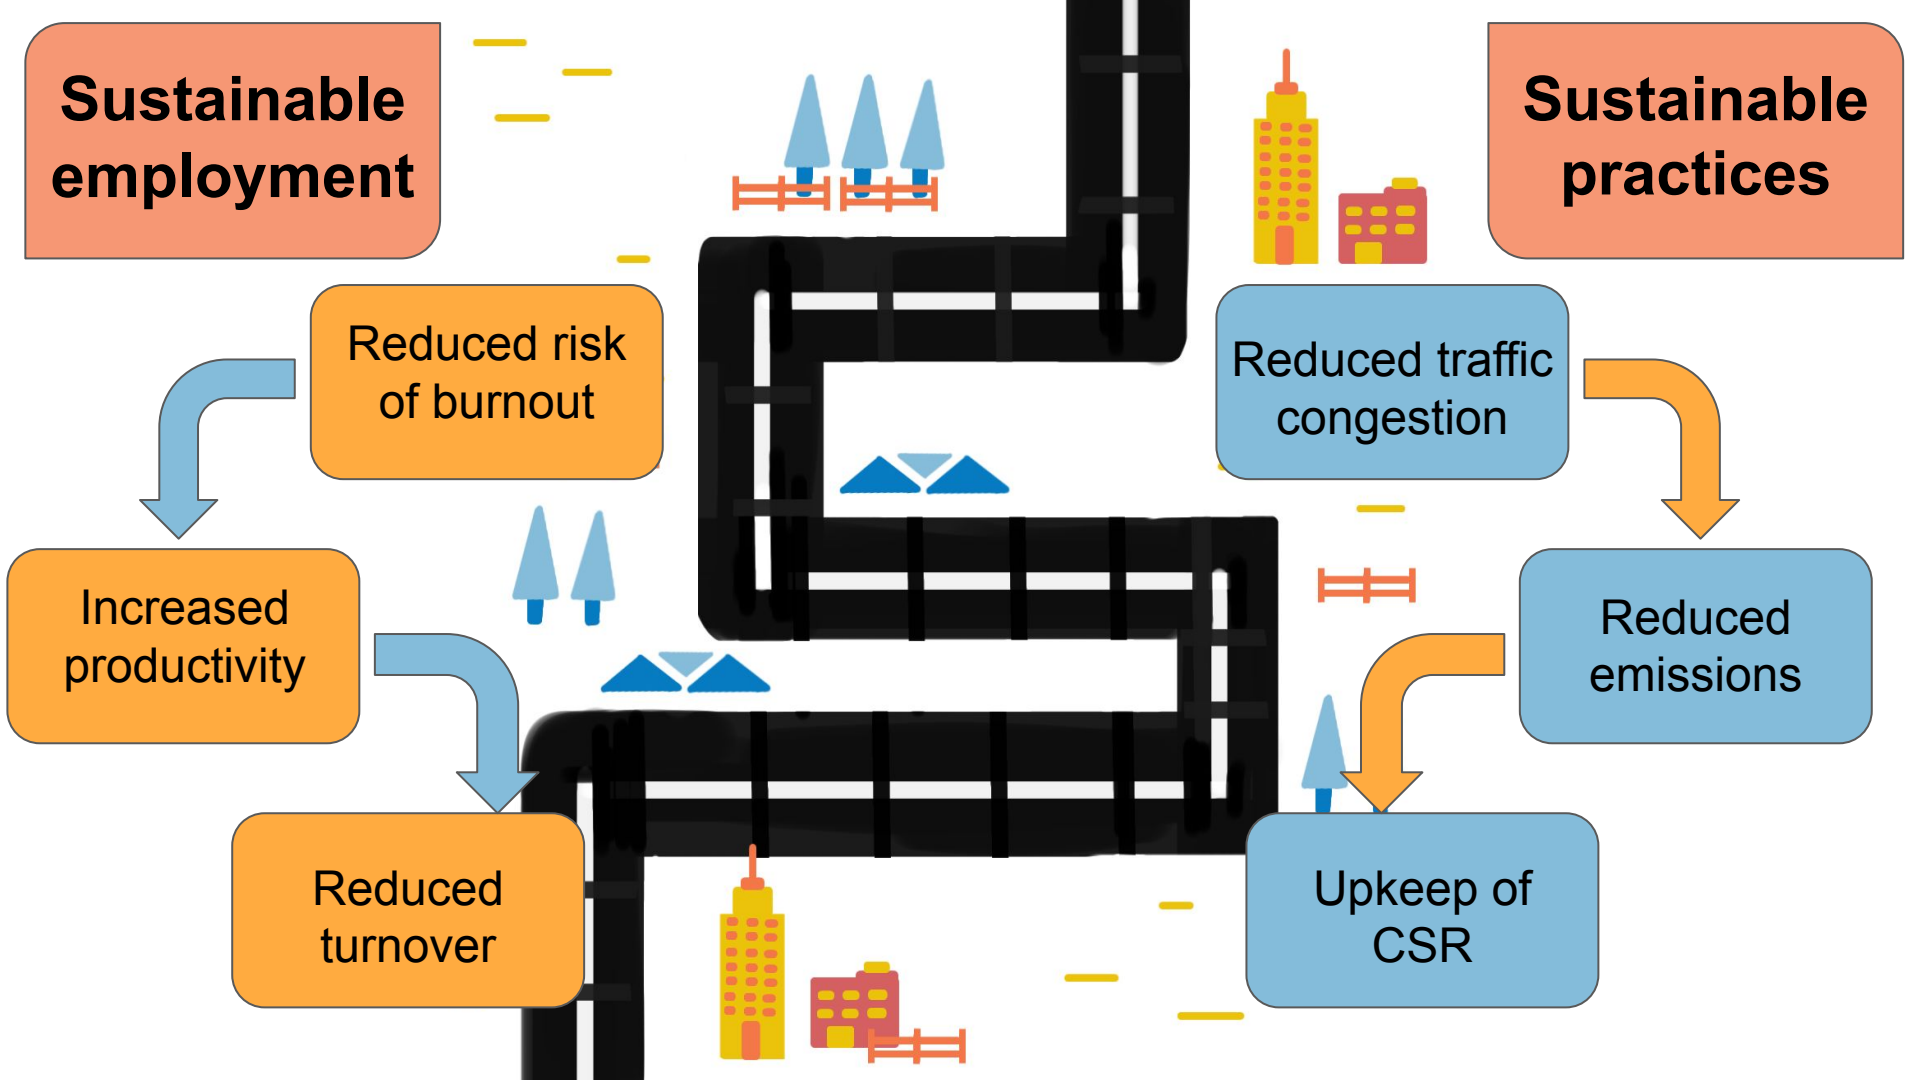

Reduced traffic
congestion

Increased
productivity

Reduced
emissions

Reduced
turnover

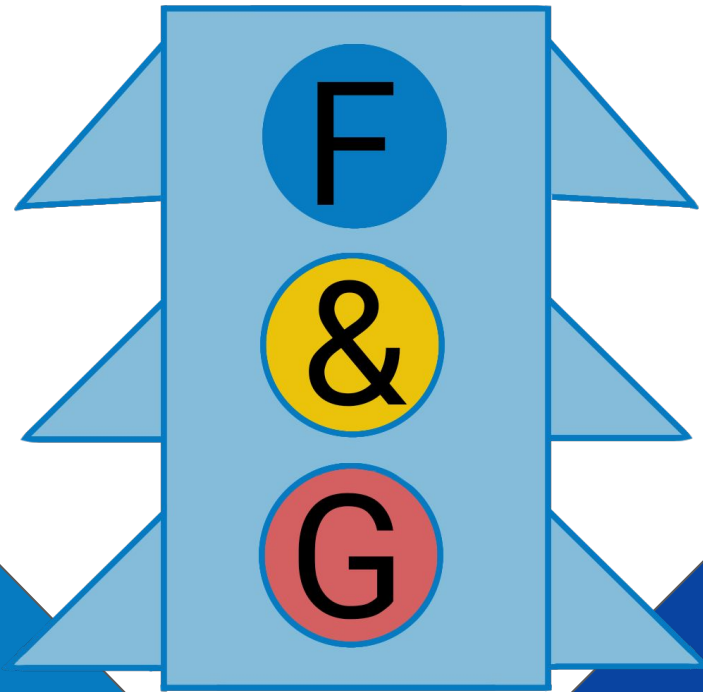

Upkeep of
CSR

Moving forward

- User input
- App for employees to visualize the schedule
- Partner with the government to implement Flow & Go district wide - where applicable - to help deal with the climate crisis.
